Dear Customer

KLAW Products Limited: Change of Name

As previously communicated, the Signum Group, including KLAW Products and KLAW LNG, was acquired by Trelleborg AB in July 2019. As part of our integration process KLAW Products Limited has changed its name to **Trelleborg Westbury Limited** with immediate effect.

The KLAW and KLAW LNG names remain as product brands and importantly the team and your current contact points remain the same. Our email addresses will however change to an *@trelleborg.com* format.

Trelleborg is a global leader in delivering engineering and polymer solutions to a vast range of industries and this will allow KLAW to further evolve its market leading technology and enhance the services provided to you.

For further details visit www.trelleborg.com/en/fluidhandling/about--us.

Typical customer advantages include:

Worldwide local support:

Trelleborg sales and service centres will enable increased local sales and service support to KLAW customers worldwide.

Expanded product options:

KLAW can now offer industrial hose options as part of its range of safety transfer solutions and additional Trelleborg products such as ship-to-ship links, fenders and quick release hooks will be available as part of the KLAW LNG system offering.

For further information on how these changes could deliver additional benefits to your operations contact the KLAW team on +44 1373 827 100.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Paul Fleetwood', with a horizontal line underneath.
